Task **Annual surveillance related to the Certificate of Conformity of the Factory Production Control no. 0809-CPR-1037**

General Manufacturer: Nanten Oy
Location: Teollisuustie 6, 04300 Tuusula
Products: Systems for protection and repair of concrete structures
Start of the production: 1970
Personnel (in membrane production): About 10
Shifts: 1 shift
Production lines: Five lines (+ one in reserve)

Inspection visit Auditor Tatu Toivonen from VTT Expert Services Ltd visited the factory on 13th of December 2016. The manufacturer was represented by Quality Manager Kari Holopainen and Quality control person Sari Welling (at the laboratory). Surveillance concerned products which are CE-marked according to the standard EN 1504-2:2004.

Observations Observations made during the inspection are written in annex 1.

Non-conformities and observations are marked with italic. No non-conformities were detected during the inspection.

Summary The conditions of the validity for CE-marking are fulfilled and therefore the certificate No. 0809-CPR-1037 is still valid.

13 January, 2017
